

5. A match default time of 30 minutes will be observed. The timing for a default begins at the time scheduled by the league coordinator or as previously agreed upon by both team captains. A team is considered present when their players are entered on the score card and the team captains simultaneously exchange their team match cards prior to beginning the team match.

6. In case of rain during play, there will be a 30-minute waiting period. At that time, the captains will decide if play can continue. In case of inclement weather prior to play, the captain of the home team, after discussions with the visiting team, will determine if the match is a rainout. If the match is rained out, the home team captain should notify his local coordinator within 48 hours to reschedule the match. The match must be played within 15 days of the rainout.

7. The designated home team will provide new balls for the match.

8. Any team who forfeits a team match to another may be considered a bye for the season and may not be eligible for District competition, nor would their scores with other teams be counted in determining the season champion. If, after the league coordinator files a grievance with the league grievance committee, and the two teams involved have given their written and oral testimony of the circumstances to the committee, the committee could reschedule the match. At no time will a second team forfeit match be rescheduled. On the other hand, the grievance committee may go as far as banning the forfeiting team, or certain member of the team from competing the following season.

9. The Flint River Tennis League Council would like to encourage each team to have only 14 players on their roster each season. There is no reason to have more players than needed. Extra players could be combined to form additional teams, therefore, helping the league to grow.

10. The Flint River Tennis League Council encourages all players to play at their current computer rating. Players playing above their level could weaken the overall league. There may be exceptions where players could play higher to help form a team that does not have many players at a particular level.

11. All league players must be a current member of USTA and their respective CTA.

12. No cell phones or pagers that emit sound are allowed on court during a match. This is your warning. If your phone rings during a match, your team loses the point. Messages may be checked during changeovers provided the 90 second time limit is not exceeded.

MISSION STATEMENT

The purpose of the Albany Tennis Association is to promote all phases of amateur tennis the Albany Area.

TENNIS

A Total Body Workout

There aren't many sport activities that test every part of your body.

Tennis can take care of everything.

It only requires tennis shoes, a racquet and a smile.

You'll have fun, work off stress and energize your spirit.

Come out and discover or rediscover all the wonders of this truly wonderful sport.

Grab a friend and your racquet and get to the courts.

You'll see that tennis can be just the fitness vehicle you've been looking for.

Flint River Tennis League Rules 2011 Season

The Flint River Tennis league agrees to the rules and regulations issued by the USTA and known as the USA League Tennis Regulations and also those rules and regulations put forth by the STA and GTA. In additions, the Flint River Tennis League sets forth the following that applies to league matches:

1. The format of play will be 2 singles and 3 doubles matches, except for NTRP 2.5 and 5.0 teams, which will play 1 singles and 2 doubles per team match.

2. Scoring~All league matches shall be the best of two sets, with regular scoring and a set tie break (first player(s) to reach seven points by a margin of two at six all). In the event of split sets, a match tie break, (first player(s) to reach ten points by a margin of two) shall be played in lieu of a third set.

3. The Flint River League champion will be determined by the results of official competition between league teams. The season champion for all divisions, i.e. Adult, Senior and Mixed Doubles will be the team with the greatest number of team wins and will represent the league in District play. In the event of a tie, the USA League Tennis Regulations for tie-breaks will be followed. In the event that the fall/winter and spring/summer season winning team is the same, that team must pick which season roster will compete at the District Championships. There will be a playoff between the two second places teams to determine the second representative at the District Championships. The winning second play team must take the winning roster. If wild cards are offered, the next best team will be selected to attend the District Championships.

4. Match dates and times will be set by the scheduling committee. This schedule must be followed by all teams. The only reason to reschedule a match is if it is rained out. In the event a team is not able to field a complete team, forfeits will begin from the bottom. The number two singles must be forfeited before the number one singles, the number three doubles must be forfeited before the number two doubles. It is permissible to play an individual match prior to the regularly scheduled day and time. However, the team being asked to reschedule has the option of refusing.
